Farm Solutions

MONITORING AND CONTROL

Buddy Farm Solutions Product Overview

Effluent Solutions

- Gator Buddy
 - Pod Buddy
 - Effluent Buddy
 - Separator Buddy
 - Level Buddy
 - Pivot Buddy
 - Transfer Buddy
- Failsafe Effluent Monitoring for travelling irrigators
 - Remote Effluent Monitoring
 - Complete Effluent System Controller
 - Controller for separator, stirrer and pump
 - Controls pump and stirrers for emptying or filling of sumps and/or tanks
 - Failsafe Effluent Monitoring for pivots, underslung or injected
 - Effluent sump transfer controller for pump and stirrer

Pumping Solutions

- Bore Buddy
 - Level Buddy
 - Frost Buddy
 - Pivot Buddy
 - Irrigator Buddy
- Bore Pump Control System
 - Control Pump and stirrers for emptying or filling of sumps and/or tanks
 - Automatic heat lamp for pump + pipe protection, heater options available
 - Monitoring and control for pivots
 - Monitoring and alerts for Rotorainers and other irrigators

Dairy Shed Solutions

- Milk Buddy
 - Teat Buddy
 - Wash Buddy
 - Vacuum Buddy
 - Washdown Buddy
 - Vat Buddy
 - Gate Buddy
 - Generator Buddy
 - Feed Buddy
 - Crusher Buddy
- Milk Pump Variable Speed Controller
 - Automatic Teat Spray Controller
 - Plant and Vat Automatic Washing System
 - Variable Speed Vacuum Pump Controller
 - Variable Speed for Washdown Pump
 - Dairy Vat Control and Monitoring
 - Backing Gate Controllers for all types of yards and gates
 - Generator change over switch and outlet enclosed
 - Grain Feeder Control System for controlling your grain augers and molasses
 - Crusher Buddy controls your grain crushing mill and augers

Monitoring Solutions

- Buddy Remote
 - Buddy Data
 - GPS Monitoring
 - Vat Buddy
 - Water Buddy
- Individual monitoring of Buddy Controllers giving webserver access and text alerts
 - Complete on farm monitoring of multiple items
 - Proof of placement for irrigators
 - Monitoring of milk vats for compliance and alerts
 - Bore flow monitoring

Other Solutions

- Variable Speed Drives
 - Flowmeters
 - Level Transducers
 - Pressure Transducers
 - Remote Controls
- Danfoss, ABB, AB and others
 - Microsensor magflow flowmeters
 - Suitable for sump, pond and bores
 - Suitable for water and effluent
 - Remote control for pumps, gates, and indication of operation
